## Using a school Chromebook at home

Connect to your home Wi-Fi. Do the following:

1) Either

Find your home Wi-Fi name on the list of options that will be on the screen and click on it.

OR

Plug in your Wi-Fi stick to your laptop

2) Then type in the Wi-Fi key/password (the key will be case sensitive), if you don't know the key then ask your parents, they are not sure ether check the bottom of the internet modem as most internet providers put the default one on a sticker at that location. If you still can't find it then you will need to contact your internet provider.
