#### DID YOU KNOW?

The elves who work in Santa's Mail Room Grotto fly at record speeds in order to sort the 57 tons of mail that arrives daily. Scout Elves spend a lot of time flying every night, so they can report to Santa and return home. Fun fact: On average, Scout Elves travel 4,000 miles each night to reach their families.

## PRINCIPAL'S REPORT

Kia ora koutou katoa

Nga mihi nui kia koutou

It has been fantastic to be able to end another challenging year with fantastic celebrations of Academic Excellence at our Senior and Junior Prizegiving's, as well as see so many proud whanau here to recognise their children's achievements. The whakatauki I shared at both these events was

E huri tō aroaro ki te rā, tukuna tō ataarangi ki muri i a koe  
Turn and face the sun and let your shadow fall behind you

I am very hopeful about the year ahead and what this will mean in terms of supporting our learners to achieve at the highest possible levels.

As a school we pride ourselves on being a place of innovative and exciting learning and we have some great new initiatives for the year ahead. We have looked carefully at our timetable and will be keeping with 4 x 75 minutes lessons each day, from Monday to Friday next year. Research also shows that co-curricular activities in sport, culture, interest and passion areas contribute significantly to students' leadership, communication, time management, creativity, decision-making, service and co-operation skills. In order to continue to grow these skills in our learners I am proud to announce that we will be including participation in such activities within our school timetable next year. Session 4 on a Wednesday will be an opportunity for students and staff to participate in sports, cultural, arts, music, interest and passion groups, as we continue to develop the essential future focused skills that such activities can provide for all our learners.

There are significant changes coming in the New Zealand education space – the New Zealand curriculum is being rewritten, all of the NCEA standards are being changed alongside the introduction of new literacy and numeracy standards. In order to ensure our learners are able to continue to achieve at the highest possible levels across the NCEA we will also be offering two new compulsory courses at Years 9 and 10 next year. Our Literacy Edge or LEDGE course will give every student a literacy coach who will know and set literacy targets for all learners. They will receive targeted instruction, along with key aspects of the Aotearoa Histories curriculum and

tikanga Maori. Our Numeracy Edge or NEDGE course will similarly give every student a numeracy coach to support them with their numeracy. The other aspects of the curriculum that will be included in this course are Financial Literacy, Digital Technology and cybersafety and Careers education.

#### Head Students 2023

It was my pleasure to announce the four new Head Students for 2023 at Senior Prizegiving recently.

Our Head students for 2021 are Emma Salthouse and Vaitohi Veatufunga.

Our Deputy Head students for 2021 are Juliette Leone and Saluselo Pa'o-Salu.

Congratulations to these four students. Our remaining leadership positions will be announced at our Annual Celebration of Leadership and Excellence which will be held in Term 1 next year.

#### Junior and Senior Prizegiving 2022

Congratulations to our major award winners below:

#### Year 9 Dean's award for 2022: Lady Puka.

Lady is a mature, kind, and friendly member of our year 9 cohort. She has been an excellent associate mentor for 9CD, representing our school values to the highest standard. Lady demonstrates manaakitanga everyday by treating everyone she meets with respect and kindness. She has demonstrated māia in the way she stands up for others and supports her peers and teachers in both positive and challenging situations. Lady demonstrates manawa reka by embracing new challenges and giving everything a go. An example of this is when Lady joined the junior girls school volleyball team. She attended all trials and games and was a committed and dedicated team player. Lady has a kind and caring nature that shines through in everything she does and for this she has been awarded the Deans Award for 2022.

#### Year 10 Dean's award for 2022: Zaria Sangyum.

Zaria demonstrates excellent leadership skills, serving as an active associate mentor for her class. In that role, she planned and delivered cohort assemblies with confidence, thoughtfully contributed to associate mentor meetings, and advocated for her classmates and their learning.

In class, Zaria is curious, and enthusiastically participates in all class activities. She is kind and encouraging, will stand up for others, and speak out when something is

## PRINCIPAL'S REPORT CONTINUED

wrong. She is a voice for those who haven't found theirs yet.

Zaria's talents extend beyond the classroom, as a valuable member of the junior red netball team in 2022.

### Year 11 Dean's award for 2022: Hanifa Salman Ali.

Hanifa embodies our school values of Manaakitanga, Maia and Manawa Reka in all her actions and interactions. Hanifa's eagerness to expand her knowledge and improve her skills across all learning areas has led to her excelling academically. Hanifa takes initiative in her learning by ensuring that she uses all opportunities available to her. She strives for excellence.

Hanifa is an ambitious student who does not shy away from challenges. She shows grit daily, by doing her best at everything she sets her mind to and shows courage by persevering until she reaches her goals. Hanifa shows care by helping and encouraging other learners succeed in their own goals. She is always willing to share the knowledge she has developed and strategies that work for her. She is positive and polite in all interactions with peers, teachers and members of the community.

Hanifa joined us here at EC this year, and already her passion, compassion and determination has made her an outstanding member of our community.

### Year 12 Dean's Award 2022: Xyryl Millado.

Xyryl represents our Edgewater College values of Manaakitanga, Maia, and Manawa Reka.

He is a friendly, encouraging and inclusive student who takes pride in himself and his learning. He is a motivated student with a good work ethic who can work independently and collaboratively. He is questioning and reflective with a growth mindset. His teachers have commented:

"He shows manaakitanga to others and is generous with his time to support his peers. He is a high achiever and exemplary student".

"He is always considerate about the people around him and is a very polite individual."

"He shows integrity and has a calm manner. He often initiates conversations about his learning and demonstrates that he values feedback and perseverance".

"He is willing to try new things and actively supports other students to give things a go."

"He is thoughtful when interacting with all classmates and is generous with his time and energy in supporting people. He is a problem solver and always prepared to go above and beyond. He is widely respected by all in class and has strong leadership skills."

Another teacher writes "Xyryl is a creative and talented artist who explores abstract themes in new ways, always finding inspiration from a wide variety of sources. He shows commitment to not only his ideas but also his painting practice, always focusing on finishing his work to a high standard."

His coach commented "He consistently showed up to training with an enthusiastic outlook, he supported his team members and spurred them on to be better than before."

### Year 13 Dean's Award 2022: Hannah King

Hannah King, a name not to be forgotten for all the right reasons, a name that has earned incredible mana in a short time, and a name that we will be hearing about for years to come. Hannah in year 9 was pegged as future head girl by numerous staff members, and this fondness and admiration from all staff simply grew over Hannah's five years at Edgewater College. As Hannah's Dean Mr McGregor has been baffled and entertained over how a student could obtain 254 excellence credits, 32 merit credits, and only 17 achieved credits as a senior student. He has often stopped and pondered the relentless positivity and true Grit that pours from Hannah day after day that has rightfully earned her the position as head Girl 2022, that has placed her in numerous positions of leadership and decision-making roles, and from what we have witnessed so far will surely destine Hannah for a position of importance in our society in the very near future. ~ Leonard I. Sweet states that, "The future is not something we enter. The future is something we create." Hannah exemplifies this quote and has in fact created a grand looking future from simply refusing to settle for less than her best. Congratulations Hannah.

### Junior Proxime Accessit for 2022: Nixon Lal.

Nixon has accomplished a lot in his first two years at Edgewater College. This morning he has already been awarded First overall in his class, 10 Edge, as well as First in 10ED Community Action, First in 10ED Creative Design, First in 10ED Problem Solving, Excellence in 10ED Future Studies and Excellence in Year 10 Junior Business Financial Literacy.

Nixon is a polite, respectful, hardworking and diligent student. He completes tasks to the highest standard, often sharing new insights and ways of working. Nixon is also

very supportive of other learners. He is a standout in terms of grades and work ethic and has an attendance rate of 93%. Nixon is the very worthy recipient of the Junior Proxime Accessit for 2022.

### Junior Dux for 2022: Charlize Chan.

Charlize has accomplished a lot in the Junior School and been awarded first overall in 10CA, First in Year 10 Health, First in Year 10 Junior Business Financial Literacy, First in Year 10 Physical Education, First in Year 10 Problem Solving, First in Year 10 Science, First in Year 10 Social Studies, Excellence In 10 Creative Design, Excellence in 10CA English, and Excellence in 10CA Mathematics.

Charlize's work etiquette and academic integrity are of the highest standard. She is friendly, caring and an amazing team leader as well as team player. She's always on time, prepared for learning, thinks deeply about the work set and hands work in on time. Charlize has an attendance rate of 97% and also played in our Junior A Netball team, winning the Clayton Cup for the most deserving Netball player at the Sports Awards this year. Charlize is the very worthy recipient of the Junior School Dux for the top academic student for 2022.

### Proxime Accessit for 2022: Yalda Ahmadi

Yalda is an outstanding student who is hardworking and diligent in all aspects of school life. She is someone who has exceeded expectations again and again during her 5 years here, including attending the Year 13 camp this year, pushing herself out of her comfort zone. She is also involved in other aspects of the school, including being our Deputy Head of the Academic Committee this year, and participating as a member of the Environmental Committee.

Academically speaking Yalda has again achieved incredible results. She has achieved a total of 264 credits for NCEA with over 75% of them being at excellence level and over 90% at either Merit or Excellence level. In previous years she gained excellence endorsements in both Level 1 and 2 NCEA, as well as subject endorsements at Excellence level in Chemistry, English, and Mathematics with calculus, and Merit in Physics. This year in NCEA Level 3 - 46 of her 49 credits have been at Excellence level, a remarkable achievement.

Tonight, we have seen Yalda receive awards for Excellence in Level 3 English Literature, Level 3 Mathematics with Calculus AND Excellence in Level 3 Physics. She is also the very deserving recipient of a University of Otago 150th Entrance Scholarship valued at \$17,000.

Next year Yalda is attending Otago University to study a Bachelor of Health Science with the intention to transition into a Bachelor of Dentistry at the completion of her first year. We wish her all the very best in her future endeavours. The Edgewater College Proxime Accessit for 2022 is Yalda Ahmadi.

### Edgewater College Dux for 2022: Hannah King

Hannah King is an incredibly motivated and hard-working student who has excelled in all aspects of school life during her 5 years at Edgewater College. This year, as recognition of her outstanding leadership abilities she was selected as Head Girl, and has led by example at all times, including being a valued member of our Pastoral, Environmental and the Ball Committees. She was also a keen participant within our Chess club. Hannah has spent her 5 years at Edgewater heavily involved in music in the school, and as you have witnessed tonight - she is an integral part of the Jazz band, plays alto saxophone and is a singer and performer extraordinaire. This year, as in many previous years she performed at the Shine concert, the Big Sing Festival, the KBB Festival, and she even managed to head along to both the Band Camp and the Year 13 camp.

Hannah King has achieved a total of 325 credits for NCEA - 85% of which are at Excellence level. She received excellence endorsements in both Level 1 and Level 2 NCEA, and last year she gained Excellence level endorsements in English, Chemistry, Biology, Music, Mathematics with Statistics and Mathematics with Calculus. This I am incredibly awed to announce all 68 of her Level 3 credits to date are at excellence level, meaning she has already attained a Certificate Endorsement at Level 3. Wow!

At prizegiving Hannah received the Barbara Hughes Trophy for the top student in Level 3 biology and the Barbara McKenzie Memorial Award for First in Level 3 English, as well as coming first in Chemistry, Music and Mathematics with statistics. Hannah was also the recipient of the Tahawai Award for all round excellence, and the Year 13 Dean's award for best representing our school values of maia, manaakitanga and manawa reka. She is also the recipient of an AUT Finding Your Greatness scholarship valued at \$23,000.

Hannah is going to study a Bachelor of Health Science, majoring in Occupational Therapy at AUT next year, and we wish her all the very best in these future students.

Hannah King is a thoroughly deserving recipient of the Alison and Mervyn Pattinson Award for Edgewater College Dux 2022.

With kindest regards and wishing you all a safe and enjoyable holiday season.

Louise Addison
