

Kia ora, I am Amy Broadmore, and I am thrilled to serve as an elected parent representative on our school Board. I am a social worker who leads a team in various schools. This supports me in bringing a unique perspective to ensure every student's well-being and success. Previously, I held the role as Presiding member in another local school BOT, enriching my dedication to education. I look forward to working together to create an inclusive and inspiring environment where every student can thrive.
