

Kia Ora, Talofa lava and warm greetings,

My name is Dominica Ah-Lam, and I am an elected parent representative on our school Board. I live in Pakuranga and my connection to this school is through my daughter who attends as a year 11 student. I am also a past student of Edgewater College. My background is in Education as a teacher, Curriculum leader, as well as working in diverse communities. I have completed Postgraduate studies in Digital and Collaborative learning, and I am currently studying towards a master's degree in Contemporary Education. As a parent representative my goal is to listen and include the voices of the parents, the community and also the students of Edgewater College in the governance decisions we make for the school. I strongly believe that I can be an integral part of the school by providing enthusiasm, strategic thinking, and most importantly ensuring that the students of Edgewater College get the best possible support for their learning and well-being.

Fa'afetai tele lava, Dominica Ah-Lam
