

I currently serve on the board of trustees as the vice presiding member. I have had the privilege to serve on the board as a parent elected board member for approximately 5 years.

I have served one term (3yrs) already, and into my second term. I have thoroughly enjoyed working alongside all the other board members, past and present, in working together in helping to make a difference in the lives of the students and staff in our community at Edgewater College. I have learnt a lot in time and am a keen learner in whatever environment I am in.

I have learnt so much about our community, and as a pacific islander, to be as understanding and empathetic with all our students, as well as helping to think through the tough decisions that are needed to help all

our students excel in their learning and to help to provide a safe learning environment for all, students and staff.

I serve alongside a great team who are my fellow board members, and they learnt so much from them all. Their input along with our principle, help to steer this Tainui (canoe) onwards and upwards into the right direction.

I currently have two children who currently attend Edgewater College with another a few years away.

I also enjoy playing the guitar, singing, and also table tennis among many other things.
