

Kia Ora, my name is Michael Feanuu Sangyum, and I am currently a parent representative on our School Board. I have five children who have and are attending Edgewater College. As a family/agia we embrace our connection with Edgewater College, and I bring to the Board a wealth of Commercial experience at Senior Management level in Advance Tech, Manufacturing, Trade and Sports. Alongside my work experience I also have experience on past School Boards, Community Learning Mentoring programmes and NGO experiences which included high complex needs as a qualified Social Worker. I look forward to representing Edgewater students, aiga and our wider community.
